This detached house was built in 2004 and is located in a quiet residential area. It's so quiet that you can leave the windows open at night and won't hear any noise! There is very little traffic during the day as well, so even young children can safely play outside on the road.

There are several supermarkets in the village, a few small restaurants, and various doctors. The nearest supermarket, restaurant, and bakery are just a 5-minute walk away.

The surrounding landscape is mostly flat, which makes it ideal for cycling with children. (We have bikes that house-swappers are welcome to use). Nearby, there is a hill that offers a great viewpoint. There is also a small park, several playgrounds, and a skate park close by.

This small attractive town of Lengede is in the region of Lower Saxony, and is 40 km south east of Hanover. Nearby is a train station with direct connections to Braunschweig and Hildesheim. There are also buses.

In the nearby area (about 15–20 minutes by car), there is a large lake for swimming with a water-ski facility; also here there are cinemas, more restaurants, and indoor play centres.

They have a small, private enclosed garden, mostly laid to lawn with flower borders and pots, and where some plants may need watering please if staying in a dry season. They have a garden table, chairs, bbq. Also a trampoline, swing and ping-pong in the attic, which is accessible, and part of the house.

The family attend Fokus Freikirche in Lengede, a 15-20 minute walk from their home, or a quicker cycle ride. This is a contemporary, family friendly fellowship to which house-swappers of all ages will be made very welcome! None of the services are in English, but quite a few people speak English. The worship songs are in German, but most of them are translated from English, so they will be easy to sing along to in English.
